**H.R. 1865  
Spanish Peaks Wilderness Act of 1997**

*As ordered reported by the House Committee on Resources on May 20, 1998*

H.R. 1865 would amend the Colorado Wilderness Act of 1993 (Public Law 103-77) by designating about 18,000 acres of federal land within the San Isabel National Forest in Colorado as the Spanish Peaks Wilderness. The land is managed as a wilderness study area under current law.

CBO estimates that enacting this bill would have no significant impact on the federal budget. Because H.R. 1865 could affect direct spending as a result of potential forgone receipts, pay-as-you-go procedures would apply; however, we estimate that any such effect would be insignificant. This bill would impose no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would have no significant impact on the budgets of state, local, or tribal governments.
